

CEI (Centre for Entrepreneurship & Incubation)

Allenhouse Institute of Technology has established “Centre for Entrepreneurship & Incubation” to fosters creativity and offers support in translating ideas to businesses. The aim is to foster the fortitude of entrepreneurship among endowed and ambitious students.

Incubators are designed to promote entrepreneurs through several business support resources and services. The support services hence assist an entrepreneurial business and increase its potential to become a successful venture. The CEI is set up under the scheme is expected to act as a tool to promote entrepreneurship and self-employment amongst technical students as an attractive and viable career option. The CEI is promoted to foster techno-entrepreneurship for generation of wealth and employment.

The mission of the CEI is to “Create entrepreneurial culture among the stakeholders and to foster growth entrepreneurship amongst the students, faculty and the society at large ”.

Objectives-

1. Promoting innovation and entrepreneurship by converting and translating technology ideas and innovation in various disciplines for commercial exploitation and the benefit of society.
2. Encourage self-employability and provide employment to young graduates.
3. Imparting training to incubate the efforts of young graduates.
4. The presence of an incubator creates an environment conducive to entrepreneurship.
5. It encourages students and faculty members to start thinking of setting up ventures based on their own technologies and ideas.
6. Promote Research and Development.
7. To extend necessary guidance and escort services to the trainees in obtaining approval and execution of their projects.
