

MEMORANDUM OF UNDERSTANDING

ALLENHOUSE CORPORATE ACADEMIC PARTNERSHIP PROGRAMME

between

ALLENHOUSE INSTITUTE OF TECHNOLOGY

Kanpur, Uttar Pradesh – 208008

AICTE approved and affiliated to AKTU, Lucknow

and

ASTREA IT SERVICES

Noida, Uttar Pradesh – 201301

whereas the above named educational institution and offshore Salesforce consulting corporate recognize that the academic corporate partnership programme would be of mutual benefit and would provide aspiring engineers the strength in research and education in terms of industry related curriculum. It is agreed that:

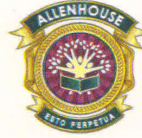

1. **Industry related curriculum** will be shared by Astrea IT Services (hereon termed as Corporate Partner) with Allenhouse Institute of Technology (hereon termed as Academic Partner) consisting of preliminary course module of Programming Aptitude, Data Structure, Algorithms and basic programming appetite for students of Computer Science & Engineering.
2. **Industry related curriculum** on advanced course module of Salesforce and Cloud Computing will be shared by the Corporate Partner with Academic Partner after the FIRST ASSESSMENT REPORT of preliminary module. The assessment questionnaire will be drafted by the Academic Partner and will only be disseminated to students after the review and approval of Corporate Partner shared in written for the same.
3. **Final Assessment** after the advanced module will be done following the same procedure as mentioned in the above point regarding review and approval from the Corporate Partner.
4. **Summer Internship** of Computer Science engineering students studying in the institute of Academic Partner for the period of 2 months in June and July (based on the AKTU examination schedule) shall be encouraged by the Corporate Partner. Students shall be taking care of their expenses themselves during the internship period as the Academic Partner and Corporate Partner play no role in the assisting students financially for the internship period.
