BOOST YOUR CONFIDENCE

Lack of Self Confidence is one thing that stops us from pursuing our dreams. If we have fear in our minds we need to find out ways to overcome that fear... Yes!! We need to work on our Self Confidence. We can overcome our fear- by working on our Self Esteem and Self Confidence. Self Esteem is when we believe that we are worthy of respect from others whereas Self Confidence is when we believe in our own self. We need to give a boost to both these actions- **SELF ESTEEM AND SELF CONFIDENCE**. We need to improve our competence, our image, our style.

So here are few steps to boost your confidence...

- Groom yourself
- Think positive
- Be kind and generous
- Speak slowly
- Set a small goal and achieve it

Let's all start working on these small efforts ...

"The key to success is to start before you are ready."

- Marie Forleo
